

MILTON MEWS

Balhousie Care Group

www.balhousiecare.co.uk

Welcome to Milton Mews, an innovative approach to luxurious residential living.

Our beautiful new luxury property, Milton Mews, offers the perfect balance of privacy and assistance in residential living. Located in the thriving market town of Huntly, it is specifically designed for all those who have minimal needs and a determination to keep on living a full and

active life. The 10 elegant and spacious suites are arranged across two standalone properties adjacent yet separate to our established Huntly Care Home, ensuring an independent lifestyle, but with the peace of mind that comes from knowing support is always there if needed.

Each suite has been built and finished to the highest standard, with a luxurious interior, en suite facilities, full housekeeping services and access to communal cooking facilities for your family and visitors. There is also a lounge, wi-fi, and smart TVs, and, of course, our superior and dedicated support staff are always on hand.

A full range of meals are served in the facility, as well as bed and breakfast and carvery options.

Milton Mews prides itself on providing a stimulating, healthy community for residents, with the opportunity to join in activities and field trips at neighbouring Huntly Care Home if desired. This is the perfect answer for someone who is still very much independent in their daily living but is looking for that extra safety net - to know there is someone on hand to assist and support 24/7 if needed.

We would welcome the opportunity to give you a personal tour. To arrange a visit, or to find out more about the care we provide, please call **01466 383145** or email enquiries@balhousiecare.co.uk

“

Our prime focus is to create a community based on the values of dignity and friendship.

”

Our aim at Milton Mews is to make the sometimes daunting decision to leave your home easier by providing an alternative to a full-care residential setting; one where the change is less dramatic. The team here are passionate about making this your home from home. Like a luxury hotel but with an enhanced professional level of care, the environment is always warm and welcoming and where you are free to participate in life across the Huntly campus or remain as private as you wish.

We offer all the flexibility and comfort you will have enjoyed previously, but with the knowledge that if you need support, our highly trained and caring staff are on hand to assist. But they will also respect your privacy. As with Huntly Care Home, our prime focus is to create a community based on the values of dignity and friendship.

The community

Residents of Milton Mews have an elegant and comfortable lounge on site, or the option to cross to the main home and make use of the Care Café, with views over the lovely garden. As well as the Care Café, Huntly has a unisex hairdressing salon and an activity lounge.

For those who prefer to stay within Milton Mews, a stylish and comfortable lounge offers a pleasant area to entertain guests or to enjoy special occasions such as Christmas or birthdays with friends and family. Most of all it provides an elegant setting for residents to simply meet up for a chat, play card or board games or just wind down with a book at the end of the day.

Activities

Interacting within your community is easy in the Milton Mews setting. With a regular organised schedule of activities and trips, it will help provide stimulation and encourage a healthy mental well being. The activities on offer include live entertainment, with regular shows, quizzes and concerts; a library service; hobbies, such as arts and crafts, flower-arranging, painting and card-making; games and seated exercise classes. Family and friends are always welcome to join in and your participation is always optional when it comes to our activities.

Listening

Milton Mews is part of the Balhousie Care Group, and continues its personal approach to care. We have a Participation Charter – the first of its kind in the care home sector – which commits us to ensuring all residents have a greater say than ever in the care and support they receive, from writing policies to recruiting staff. You will always be consulted on menu choices, the activities programme and general facility and service improvements.

Your family are also invited to join our feedback group, where your and their experiences will help us continually improve the enjoyment and comfort of everyone who lives at Milton Mews.

And if your family and friends live further afield, we will make every effort to support you to stay in touch as often as you like, be it through Skype, Facetime, telephone or email. We will also provide your family with regular updates via our quarterly newsletter and other communications.

History

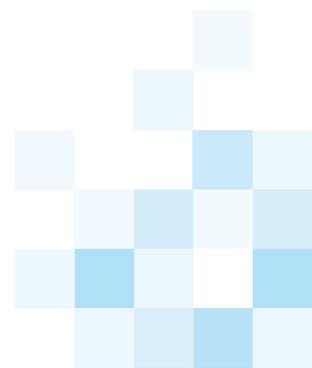

Milton Mews takes its name from Strathmilton, the old name for Huntly. Famous as the home of Huntly Castle, Dean's shortbread and the 200-year-old Glendronach Distillery, Huntly is a thriving town that combines history with industry.

“

We are committed to ensuring all residents have a greater say than ever in the care and support they receive, from writing policies to recruiting staff.
