

Arbroath
15 miles east of Dundee, Arbroath has a history that stretches back before the signing of the famous Declaration by Scottish nobles in 1320.
The attractive old harbour remains in action today, sustained in part by the town's most famous product – the Arbroath Smokie (a smoked haddock), a delicacy that is now protected by the EU's Protected Food Name Scheme.

Sharing your care

Come in!

Make yourself at home

Welcome to our beautiful care home here in Arbroath.

Thank you for your interest in our purpose-built home. It provides a modern, light and airy environment and our focus is on resident safety, respect and comfort.

Renowned as one of the finest Care homes in Arbroath, we offer single occupancy accommodation in 58 rooms and two self-contained flats. Each room is elegantly furnished with a large, stylish and private en-suite bathroom.

This includes two dementia-friendly units offering 20 specially equipped and furnished rooms.

Rooms throughout can be decorated with personal

furniture and mementos, making your new home unique and comfortable for you.

There is also a telephone point in every room and many rooms enjoy outlooks over our landscaped gardens.

What we're most proud of is creating a warm, homely, secure and stimulating environment for residents. With an elegant feel and friendly atmosphere, Antiquary is an enjoyable place to both live and work.

We invite you to see for yourself by coming and meeting our nursing team and having a personal tour.

To view our home, or to find out more about the care we provide, please call 01241 434969 or email: enquiries@balhousiecare.co.uk

“

We have a lot of visitors come into the home from the local community and we often take trips out.”

Home from home

We know that it can be a big decision to leave somewhere that has been your home for many years, but the team here are passionate about making this your home from home.

We aim to provide the flexibility and comfort you've enjoyed previously with the knowledge that, if and when you need support, you can be assured you're surrounded by professional and caring people.

Our team provides a caring environment that respects your needs, while balancing this with opportunities to enjoy stimulating company and a wide range of activities.

Listening

Our open door policy promotes two-way communication. We are committed to listening to, and meeting the needs of, our residents.

We consult with residents on menu choices, activity programmes and general home and service improvements.

Our dedicated chef prepares seasonal menus that cater for specific dietary requirements,

delivering healthy, appealing and balanced meals that reflect nutritional needs.

Meals are generally served in one of our two dining rooms or two lounge diners, with pleasant views over the garden. Residents can opt to take their meals in their own room. However, we do encourage the regular use of the dining room as we find the social interaction at meal times is an important element in the well-being of our residents.

Passionate about care and well-being

The prime focus for the entire team is creating a caring environment based on respect and dignity, providing a holistic approach to resident care.

We understand that each individual is unique, with different likes, dislikes, needs and wants. We therefore tailor our approach and service based entirely on each individual. Before you move in, we'll conduct an assessment of your needs and this is continually reviewed and re-assessed.

As well as any clinical needs, our review will also include learning about your existing hobbies and interests, and discussing new activities you may like to try.

Person centred care

The most important aspect of care is our people, and every member of our team here is determined to deliver the best possible care, which promotes your independence whatever your needs.

Here at Balhousie Antiquary, we offer a full range of caring support: residential, nursing; respite care, Alzheimer's & dementia care and adults with disabilities.

Our residents are able to enjoy this stylish care home and its warm, convivial atmosphere, while being looked after by a genuinely enthusiastic and caring team. Our team is fully trained to meet the requirements of our residents, with qualified and experienced nurses on site 24 hours a day. Our approach is to improve the quality of life for the resident and to reduce the natural worry, anxiety and concern of family and friends.

The community

Balhousie Antiquary is situated just off Westway, close to the centre of Arbroath.

With excellent access throughout the building, including full lift access to all floors, wide corridors and doorways make it easy for those in wheelchairs to move about. Our approach embraces an overall feeling of wellness for our residents; right at the heart of the local community.

There are four bright, comfortable communal sitting rooms and two 'quiet rooms', each providing space to meet up with old and new friends alike. Coffee, tea and hot chocolate are available throughout the day, as is a range of tasty squashes and refreshing fruit drinks.

The location of our home also encourages strong interaction with the community. We invite locals into our home for dinner and assist residents on outings.

Keeping in touch

Living in Balhousie Antiquary offers a safe and supported continuation of the lifestyle you have been used to enjoying, and we welcome and encourage visitors.

Family are invited to join in activities and are welcome to dine with us.

Our internet corner is very popular, and is ideal for those whose family live further afield. We have residents whose family Skype regularly from overseas, and friends and family can post videos and photographs at any time.

We'll also help you keep in contact by email, and provide regular updates via our quarterly newsletter.

Activities

We know events help improve overall physical strength and mental well-being. Seeing residents blossom as our approach brings out the best in them, is an absolute joy.

Regular organised activities vary and includes: seated exercise; entertainment with regular shows, quizzes and concerts; hobbies such as arts and crafts, flower arranging, painting and card making; games.

Events are always optional but our activity coordinators help deliver a full calendar of structured and meaningful activities.

“ The staff were so professional. They took the time to see beyond dad's illness and recognise the character he really was.”
